

CartWheel::ExtReferenceFrame

```
graph BT; CF[CartWheel::CharacterFrame] --> ERF[CartWheel::ExtReferenceFrame]; PF[CartWheel::ParentFrame] --> ERF;
```

The diagram illustrates a class hierarchy. At the top is a gray-shaded box labeled 'CartWheel::ExtReferenceFrame'. Below it are two white boxes: 'CartWheel::CharacterFrame' on the left and 'CartWheel::ParentFrame' on the right. Red arrows point from each of these bottom boxes up to the top box, indicating that both 'CharacterFrame' and 'ParentFrame' inherit from 'ExtReferenceFrame'.
